

# How to make a cushion cover + add a rainbow featuring fabrics from **T&C<sup>o</sup>.**

You can make enlarge or make smaller versions of this rainbow pattern to suit your needs. I have included an enlarged version of the rainbow that you can print on A4 paper at home. Add the pieces together like a puzzle to complete the pattern so that you can use it as shown in the tutorial link at the bottom of this page.

This pattern was created for personal use only and cannot be resold. To follow the full DIY on how to make a DIY cushion using this rainbow visit [www.lovilee.co.za/how-to-make-a-cushion-cover-with-rainbow](http://www.lovilee.co.za/how-to-make-a-cushion-cover-with-rainbow) or search 'rainbow'
